Subject: Concerns Regarding Tobacco Products Sold by Japan Tobacco International

Dear Mr Dockrell

I am writing further to our letter dated 18 June 2020 to attach our letter which shares further independent analysis of Japan Tobacco International's new tobacco products sold in the United Kingdom.

In addition, as we discussed in our telephone call on 19 June 2020, you expressed an interest in a letter we had sent to Trading Standards regarding some tobacco accessories sold by Imperial Tobacco. A copy of that letter is also attached for your reference.

Regards
