Subject: RE: BSI/JUUL PAS 8555: Steering Group overview and invite -- DHSC

[REDACTED]
I am very surprised that BAT have said that I would be interested in joining such a steering group. This is not the case, indeed I am bound to reject any partnerships with the tobacco industry including non-binding agreements such as this.

I attach the implementation guidelines for Art 5.3 of the Framework Convention on Tobacco control. In line with the recommendation on transparency, we will be putting this correspondence in the public domain.

[REDACTED] Can you arrange for publication in the usual way.

Regards

Martin
