23 September 2024

Dear [REDACTED]

Thank you for your kind congratulations of 3 September.

The Secretary of State and all of the new Ministers in the Department consider it a huge privilege to be part of a team that has been tasked by the Prime Minister to build an NHS fit for the future and to reform our social care system.

The huge task getting our health and social care system back on its feet is not one the Government or the NHS can undertake alone. We will need everyone, from individuals, to charities, industry and the voluntary sector to play their part. That is why we are asking you to stand ready to share your thoughts on how we build a health and social care service that's fit for the future.

Please consider contributing to the Government's ten-year plan for health which will launch later in the autumn.

Yours sincerely,

**Ministerial Correspondence and Public Enquiries
Department of Health and Social Care**
