Effective Town Services

Characteristic(s) / CSF(s):
Managing Expenditure

Problem and Approach

- Welshpool is a small town of 6,700 population. The Towns vibrant nature is based upon 45% of the people visiting stopping their way to somewhere else for holidays. It is therefore important that the town has a tourist information centre, good parking, public toilets and that the town is clean.
- Welshpool have taken over responsibilities and have found that their response have been effective

Outcomes

- Open spaces are cut and clean
- Removal of weeds
- There are 160 (50 more than before) litter bins including 4 recyclable bins on the main street
- Fly-tipping is dealt with rapidly (20 minutes) so can be said to not exist in Welshpool.
