

Data Science Accelerator: Next Steps

Congratulations! You have completed the Data Science Accelerator. If the programme has piqued your interest in data science, this pack will signpost the opportunities now available to you.

You may wish to begin by looking at the [Government Analysis Function Career Framework](#) and the below image for ideas on where you can apply your newly developed skills and knowledge.

Data Science Pathways Developing the next generation of Government Data Scientists

Build your skills

[Data Science Campus Capability Course Catalogue](#)

[MSc in Data Analytics for Government](#) (this course is under review, please keep checking the page for updates)

[Individual modules from the MSc in Data Analytics for Government programme](#)

[GSS Training Courses](#)

[GDS Academy: Introduction to artificial intelligence](#)

#training channel on [Gov Data Science Slack](#)

#coffee-and-coding channel on [Gov Data Science Slack](#)

[Attend the Data Science Seminar Series](#) (coming soon, the first event with [Professor David Hand](#) will take place on 24 February)

Grow your network

[Join the data science community](#)

#connect channel on [Gov Data Science Slack](#)

[Attend a Conversation Cafe](#)

Additional reading

[UK Hydrographic Office blog](#)

#blog-feed on [Gov Data Science Slack](#)

Keep in touch

Join the Government Data Science Partnership mailing list to remain up to date with the Partnership's activities and events. [Sign up here](#).

Help the Data Science Accelerator programme grow

We hope you enjoyed your time on the programme and would be grateful to [receive your feedback](#) to help the Accelerator continue to improve.

We would love you to be ambassadors of the Accelerator and share your experience of the programme with colleagues and encourage them to take part. Another way of sharing your story is by contributing to a promotional blog post or video; testimonials help potential applicants build a picture of what it is like to be a mentee on the Accelerator.

And finally, come back and [join us as a mentor!](#)
