

Think Carer

Training from VOCAL

Helping professionals identify and support unpaid carers

About

Think Carer training raises awareness of unpaid carers including the impact of caring and available support. Health and social care professionals are in an ideal position to identify carers and help them access the support and resources they need to improve their quality of life as well as that of the person they care for.

By the end of the session, you will:

- recognise who carers are and know how to identify them
- understand how the caring role can impact carers and know why carers need your support
- demonstrate an awareness of the key practice points of the Carers (Scotland) Act including Section 28
- know how to refer carers to supporting organisations and what support these organisations provide

Upcoming dates:

September 14, 11.00am-12.00pm

October 11, 2.00-3.00pm

November 17, 3.00-4.00pm

December 9, 10.00-11.00am

This session will be delivered via MS TEAMS.
